Joint Legislative Committee to Seek Law Removing Board of Estimate's Power to Delay Building

Senator Schuyler M. Meyer, of the joint legislative committee which investigated the schools last year, announced yesterday that the committee's efforts at the coming sessions of the Legislature would be directed to the passage of legislation to take from the hands of the Board of Estimate the power to delay school construction.

Steadily Falling Behind

Senator Meyer says seating capacity is dropping below population increase. "Shortly after our report was submitted this year to the Legislature," Senator Meyer says, "Hylan announced a \$50,000,000 building program. The record of the last year shows that it is nothing but the usual smoke screen."

In October, 1921, the report says, there were 809,475 children registered in both elementary and high schools, of whom 115,134 were on part time and 195,750 on double session. In October of this year these figures had been increased to 930,000 on register with 148,000 on part time and 198,000 on double session.
